

Celebrating Over 100 Years of Academic Excellence

KidsChoice After School Programming @ St. John's

That's right. You heard it here first... We'd like to introduce to you our NEWLY implemented KidsChoice after school programming, a division of our regular afterschool program here at St. John's! Your children now have a choice to partake in special afterschool programs designed for all ages during the regularly scheduled afterschool program. No additional afterschool monthly fees will apply! ONLY a ONE TIME registration fee for special programming is required by cash, check, or money order! You must be currently enrolled in the regular afterschool program to register. Programming will begin October 1st. Sign up now if you are interested. Registration forms and Payment are due back by SEPTEMBER 14th.

Here is what we have to offer! Check it out!

1. STEM LAB FUN!!! (Grades 5-8th)

Your child will have the opportunity to perform some really cool projects and experiments related to the Science, Technology, Engineering, and Mathematics Fields of Study. In conjunction with Manhattan College and their graduate study program our program will run 2 days a week from 3pm - 6pm. From October through May. The ONE TIME registration fee for this program will be \$100.00 per child.

2. MATH WORKOUT WITH MATHLETICS!!! (Grades 1-5th)

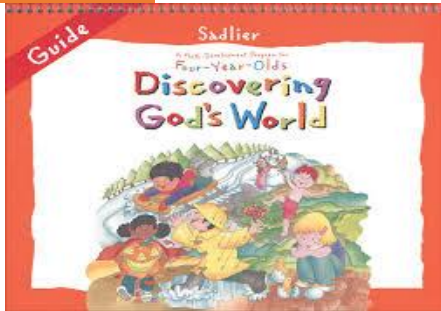

Using our NEWLY implemented Math Software program your children will have the opportunity to continue the learning and fun with our after school Math Workout program with MATHLETICS. They will build upon and workout their math skills using this fun software program. As they work through the stages and various levels there are opportunities available to win tournaments,

Celebrating Over 100 Years of Academic Excellence

challenges, and join the MATHLETICS HALL OF FAME! Program will run from October through May. The program will operate 3 days a week from 3pm-4pm. The ONE TIME registration fee for this program will be \$50.00 per child.

3. Getting to Know God (PRE K ONLY)

Your 4 year old will now have the unique opportunity to learn about God and the World He created with utilization of the Discovering God's World program for Four-Year-Olds from Sadlier. They will learn how to pray, learn who God is, they will learn about the teachings of Jesus Christ, and about Mary the Mother to us all through this series designed just for them! For over 14 years I taught young people (3&4 yr. olds) about God in a Catholic School setting using this program and this is the perfect time to get them started and expose them to the teachings of the Roman Catholic faith. This is especially true if you intend to have them continue their education in Catholic Schools for years to come. The Sadlier Publishing Company is a company that we use here at St. John's for teaching Religion in ALL grade levels. At the end of the program the children will have an opportunity to go on a small field trip to our local parish, St. John-Visitation Parish, to explore and discover the many wonders of our Catholic Church. Program will run from October through May. The program will operate 2 days a week from 3pm-4pm.

The ONE TIME registration fee for this program is \$40.00 per child.

4. Imagination Creation with ARTS & CRAFTS (Grades PRE K-8th)

Let their fingers get dirty! Let their minds get CREATIVE! Let their IMAGINATION soar! Your child will have the chance to showcase their artistic talents and learn about different genres and medias of art in our Imagination Creation program. The program will end off with a ULTIMATE IMAGINATION CREATION project that will be showcased during the end of the school year's
